

SaaS & Software Lawyer Kristie Prinz to Present Webinar on “Key Legal Developments Impacting the Software Industry in 2019”

SaaS and Software Lawyer Kristie Prinz to Present Webinar on November 21, 2019 on “Legal Developments Impacting the Software Industry 2019.” The program will provide an overview of what software companies need to know about key legal developments in 2019 and practical steps that they should be taking in response to those developments. At this webinar you will learn about:

- Key state law developments impacting the industry, including but not limited to the California Consumer Privacy Act, which goes into effect January 1, 2020;
- Federal regulatory activity impacting the software industry, particularly with respect to the Federal Trade Commission (“FTC”);
- Cases and trends in litigation impacting the software industry; and
- Best practices to navigate the current legal landscape.

Software & SaaS Lawyer

Kristie Prinz to Present Webinar on “Legal Developments Affecting the Software Industry”

The Prinz Law Office is sponsoring a webinar on November 21, 2019 on “Legal Developments Affecting the Software Industry.” The program will provide an overview of what software companies need to know about key legal developments facing the software industry and steps they should be taking to respond to those legal developments.
