

What SaaS Companies Need to Know about Source Code Escrow Agreements

If you run a SaaS company, you may come across a negotiation where a prospective customer or business partner insists on the inclusion of source code escrow in the deal terms. However, the traditional source code escrow product is unlikely to provide the protections that your prospective customer or business partner is seeking. The Silicon Valley Software Law Blog addresses the issue of source code escrow products designed for SaaS products and what SaaS companies need to know about them in the following blogpost:
