

California Telehealth Policy Coalition Presents Webinar on Cross-State Licensure and Compacts

The California Telehealth Policy Coalition presented a webinar last week on cross-state licensure and compacts, which provided an excellent overview of ongoing efforts in California and other states in facilitating cross-state licensure for physicians and other licensed providers. The webinar is now publicly available for viewing at the following link:

<https://www.cchpca.org/resources/cross-state-licensure-compact-s-webinar/>. The powerpoint is also separately available at this link:

<https://www.cchpca.org/2024/08/CTPC-Licensure-Compacts-Webinar-Slides-v31-Read-Only.pdf>.

In case you are unfamiliar with the California Telehealth Policy Coalition (the "Coalition"), the list of Coalition members is published here:

<https://www.cchpca.org/california-telehealth-policy-coalition/coalition-members/>. The Coalition first came together in 2011 when AB 415, The Telehealth Advancement Act, was introduced, in order to keep each other apprised on developments and to share information with each other. See this link for the full discussion of the history of the Coalition:

<https://www.cchpca.org/california-telehealth-policy-coalition/>. The Coalition is today focused on modernizing California telehealth policy. See link for more information: <https://www.cchpca.org/california-telehealth-policy-coalition/>.
