

Mergers & Acquisitions

Prinz Law's Mergers & Acquisition Practice has extensive experience in advising entrepreneurs, start-ups, and established companies in the technology and software/SaaS industries on the negotiation, revision, and drafting of mergers & acquisitions.

Prinz Law attorneys have negotiated deals to sell or acquire individual intellectual property assets, as well as business divisions and entire companies, both from the buyer and the seller side. Those deals have been both domestic and international, involved a variety of technologies from software/SaaS and Internet to Semiconductors and Solar Photonics, and have been both small and large in scale.

The firm has been actively involved in the Business Law Sections Negotiated Acquisitions Committee and is a member of the Silicon Valley Mergers & Acquisitions Affinity Group of ProVisors.
